These eleven volumes of veterans' records are housed in the Recorder's Office at the DeKalb County, Indiana Courthouse in Auburn, Indiana.

In addition to the information herein, the records also show, rank, shots, injuries, medals, where served, schooling, physical description, muster out pay and blood type.

The volumes covered the following time periods:

VOLUME 1...April, 1943 - June, 1945
VOLUME 2...July, 1945- October, 1945
VOLUME 3...October, 1945-December, 1945
VOLUME 4...December, 1945-February, 1946
VOLUME 5...February, 1946- June, 1946
VOLUME 6...June, 1946-January, 1947
VOLUME 7...June, 1947 -August, 1948
VOLUME 8...August, 1948 - October, 1952
VOLUME 9...December, 1952 - December, 1954
VOLUME 10...January, 1955 - March, 1957
VOLUME 11...April, 1957 - October, 1963

The numbering system in this presentation puts the volume and page number from the courthouse records in (). The following number is the page number in this book.

The records had to be hand copied as that type of recording could not be reproduced by present day copiers.

These records have never been previously copied and are in addition to the ones in the Veterans Department in the same courthouse.

The copying, retyping and indexing, and editing involved many hours of work and the editors know that some of the names are duplicates but were copied, as one entry may be slightly different than the other. Some branches of the service were much more informative about their veterans than others. Many times, the navy listed only the name and rank, with no personal information given.
